

The Game Site

The Game Site Privacy Policy

Effective: 22/06/2014

This policy is valid for all Game Site services including: www.game-site.co.uk (Game Site Online) and all of The Game Site Apps for Windows Phone – The Game Site Info App and The Game Site App.

Where is my data stored?

User and profile data is stored securely in Microsoft Azure. You must refer to their privacy policy for how they handle the data. The Game Site may delete this data from time to time because data was compromised. If data is deleted or is planned to be deleted you will be alerted as soon as possible. On some occasions we may delete data without notice and we will notify you after the data has been deleted.

Will The Game Site compensate if any data is compromised?

The Game Site will not compensate anyone if data is compromised.

What happens if my Payment Information is compromised?

You can only add PayPal as a payment option to your account. Your details for PayPal are not held by The Game Site and are held by PayPal. If you require assistance with your details for PayPal please contact PayPal directly.

Where is my Alternative Sign In account information stored?

The Game Site only collect your email address from your Alternative Sign in account. Passwords are not stored on The Game Site servers.

Who can I contact if I want my data removed?

We're sorry to see you go. If you want your data removed please email us on:

contact@game-site.co.uk

You can also phone our Customer Services Line. The phone number is located on the support section of www.game-site.co.uk/Support

Windows Phone Applications

The Game Site Applications for Windows Phone use location services and the web browser to gather information about your experience and to connect you to more Game Site Services including: The Game Site Online Services and The Game Site YouTube Channel.
